Three points – 0.002mm, 0.004mm, 0.016mm -----	108.00
Four points – 0.002mm, 0.004mm, 0.008mm, 0.016mm -----	119.00
Five points – 0.002mm, 0.004mm, 0.008mm, 0.016mm, 0.031mm -----	128.00

****These analyses require a set-up charge listed above**

- These prices are for samples in standard pre-tared pint, quart, ISCO, or one and 3-liter Nalgene-type plastic containers only.
- Samples in over-sized containers will be charged an additional \$16 per container.
- All shipping charges are at the expense of the customer.
- Charges for any special services will be negotiated on a case-by-case basis.
- Rush samples are accepted with the pre-approval of the Laboratory Manager and will be charged an advance additional fee at a rate of 10% above the price per sample.
- The prices listed in this agreement are effective for the period October 1, 2009 thru September 30, 2010 and are subject to change after September 30, 2010.
